

OPENHOUSE PRODUCTS LIMITED

PAYMENT OPTIONS & THIRD PARTY PROVIDERS POLICY

We offer a range of payment options to provide flexibility to our customers, including **card payments** and services provided by third-party payment providers such as **Klarna, Elavon, and PayPal**.

Where a customer chooses to use a third-party payment provider:

- The customer enters into a separate agreement directly with that provider
- The provider's own terms and conditions will apply
- Approval decisions, payment schedules, and any related fees are determined solely by the provider

All card payments are processed securely via authorised payment processors. Openhouse Products Ltd does not store full card details and takes appropriate measures to ensure payment security.

Openhouse Products Ltd:

- Has no control over approval decisions made by third-party providers
- Accepts no liability for the services, actions, or decisions of such providers
- Is not responsible for any delays, charges, or issues arising from the use of third-party payment services

Customer data may be shared with payment providers strictly for the purpose of processing payments and in accordance with applicable data protection laws.

For full details, customers should refer to the relevant provider's terms and privacy policies:
